Campaign Talk

Why Elections Are Good for Us

Roderick P. Hart

"This upbeat assessment is founded on a careful look at language.... Readers may not be ready to embrace electoral politics as a national treasure, but Hart's suggestion that at least something positive can be gleaned from the campaign trail is reassuring."—*Publishers Weekly*

"*Campaign Talk* should be required reading for politicians and their speechwriters."

—David Kissinger, *San Francisco Bay Guardian*

"Hart is to be complimented for what is ... a brave premise and encouraging analysis.... [He] has written a useful and impressive book."—Lane Crothers, *Quarterly Journal of Speech*

Roderick Hart may be among the few Americans who believe that what politicians say in a campaign actually matters. Even as television coverage, political ads, and opinion polls turn elections into field days for marketing professionals, Hart argues convincingly that campaigns do play their role in sustaining democracy, mainly because they bring about a dialogue among candidates, the press, and the people. Here, by using a computer program called DICTION, he takes a close look at the exchange of ideas through the language used during campaigns. In each case, the participants choose their words differently, and this, according to Hart, can be a frustrating challenge to anyone trying to make sense of the issues. Yet he finds that the process is good for Americans: campaigns inform us about issues, sensitize us to the concerns of others, and either encourage us to vote or at least heighten our sense of the political world.

Special Paperback Price \$13.50 ISBN: 0-691-09282-6 (List price: \$17.95)
328 pages. 20 line illus. 11 tables. (2002)
